Struck by an Express Train at a

Crossing Near Atlantic City.

More than Forty People Killed and

Eighty Others Wounded.

Two Cars Demolished and the Two

Following Were Telescoped.

To Add to Horror, Boiler Exploded,

Scalding Many to Death.

Cars Filled With Red Men of

Bridgeton, N. J., and Salem.

Responsibility for the Terrible Ca-

tastrophe Not yet Placed.

Operator at Block Tower Near

Crossing Placed Under Arrest.

Atlantic City, N. J., July 30. Bulletin

—The 5.40 express train from Philadel-

phia for Atlantic City on the Reading R.

struck an excursion train on the West

Jersey Central at 6:30 p.m. At this

point the Meadows just outside the

city, where the tracks of the two roads

cross.

The express ploughed through the ex-

cursion train, killing twenty-two peo-

ple. Sixty-six were injured.

The only persons, as far as known,

killed on the express train were the en-

gineer and fireman.

The excursion train was filled with ex-

citers from Bridgeton, N. J., who left here at 3:30 for that city.

The dead and injured were brought to

this city.

Thirty-Seven Reported Killed.

Lowell, Mass., July 30. General Manager Swigert of the Reading road tele-

graphed from Atlantic City that as far

as he could ascertain 37 people were killed in

the accident's accident on the Meadows

and 37 were hurt, three or four of whom

are dying. There are twelve

women, 2 girls, 21 men and 2 boys.

Later Accounts.

Atlantic City, N. J., July 30. A terrible

railroad catastrophe took place on the

Meadows about two miles out of this city

shortly after 6:30 this evening, resulting

to the death of 12 people, as far as can

be learned, and the wounding of eighty others.

A train of seven cars left here over the

West Jersey railroad bearing a special

excursion of 120 men, women and chil-

dren. After a ride of two hours and

45 minutes the train struck the 5.40

down express from Philadelphia, de-

molishing two cars and telescoping the

others.

The engine of the Reading train be-

came wedged under the engine and

badly injuring the fireman. The car behind it was thrown from the track

and many of its occupants injured.

The responsibility of the collision has

not been definitely determined. The operator at the block tower arrested by

order of the coroner.

Leaving this city the tracks of the

West Jersey road run parallel those of

the Reading, crossing at great speed.

As the signals were once for him to pro-

ceed on his way, he continued. His en-

gine had barely cleared the track of the

Reading when the 5.40 struck it.

At first the Reading train was

driven into the side of the Reading

train, but as the Reading had a

longer engine, it was driven into the

side of the Reading.

The collision was quickly gathered

together and carried by train and wagon

to the Atlantic City hospital, where six

died shortly after arrival.

The old excursion train at the head of the

Meadows was driven into a morgue and

thither the dead were taken.

At a late hour this evening there were

20 bodies laid out there, none identified.

This city is terribly excited over the

accident. The engineer who met death

while performing his duty and who was

found with one hand on the throttle and

the other on the brake, when informed of

his hand's tragic death, fell to the floor dead.

Bridgeton Greatly Excited.

Bridgeton, N. J., July 30, midnight.

Bridgeton is in the greatest excitement

and anxiety regarding the railroad hor-

ror and the streets and telegraph offices

are full of people exclusively reading in-

formation.

The whole city is in mourning.

NO STRIKE.

Will speak at Corinna Village, Monday, Aug. 3.

Our Legislative Nominees

So much that is irrelevant has appeared in connection with the Republican party nominations for the Legislature, we think the community will undoubtedly be pleased with the clear statement made by the Republican candidates in another column, and will agree with them that the documentary evidence of the official regularity of their nomination is absolutely complete and conclusive. Column of discussion and hypothetical argument cannot possibly avail to weaken in the slightest degree these unassailable certificates of the official regularity of the nominations of Messrs. Stetson, Pearl and Palmer.

Another Convention

The Democratic State convention will reassemble on Thursday next. This was decided at a so-called meeting of the State committee in Augusta Wednesday night. There were only six members of the committee in attendance, the others having been conspicuous by their absence. Ten proxies were on hand, however, and it was voted to reconvene the convention at Bangor.

This, of course, means that the silver men will take charge of the Democratic organization in the State and place a free coinage advocate at the head of the ticket. Every step thus taken simplifies the action of the sound money Democrats. When the first convention assembled in Portland the currency question was a bone of contention, but the sound money men being in the majority a single standard platform was adopted and a gold man nominated as a candidate for Governor.

In other words Democracy in Maine stood for sound money through the majority of its chosen representatives and so announced to the country. Now it is proposed to reverse that action and declare to the country that Democracy in Maine has really ceased to exist and in its place substitute an annex to the Populist convention in Chicago. Will the sound money Democrats feel bound by any such action? We do not believe that they will be party to this style of calculation. Being entirely free from all party affiliations and fully recognizing the danger of the Populist ideas that have taken possession of the party, we believe they will put their votes where they will count for those ideas and principles of sound government necessary to the future welfare of the country. They will not, if they are as earnest as we conceive them to be, be any blank cartridges. Neither will they represent half a vote by staying away from the polls. They will cast a full vote in the September election for the Republican candidates whose success means so much to the sound money cause in other States.

Savings Bank Depositors

A workingman in this State during the course of a recent conversation upon financial matters declared that he was a free silver man. When asked for his reason he said "Well, we have two hundred dollars laid aside to use in case of an emergency. Now if the free coinage of silver is adopted at the ratio of sixteen to one our savings will amount to thirty-four hundred dollars, or enough to take care of us for a long time." In other words his idea of free silver was that it was going to add immensely to his savings. But the fact is exactly the reverse of this. Instead of increasing his savings to thirty-four hundred dollars, his original two hundred dollars would shrink in actual purchasing power to two hundred dollars.

There were in this State according to the last annual report of the Savings Bank Examiner 160,260 depositors. Of this number 168,120 had a balance to the credit of less than \$2,000. Included in this list of depositors will be found the great mass of the people who by habits of thrift and economy have been able to lay aside a small nest egg out of the earnings, against times of sickness or other misfortune liable to overtake any man. The average balance standing to the credit of depositors at the time of the last report was about \$361. A policy is now proposed by the party represented by the candidates of Messrs. Bryan and Sewall the effect of which will be to reduce the purchasing value of these balances one-half. The depositors will have just as many dollars in the bank, but on a silver basis the dollar will only be worth half as much.

Let every depositor study this matter for himself and then vote to protect his bank balances against the shrinkage caused by the depreciation of the free silver policy.

THE BANGOR DAILY COURIER

Certified by Every Official Republican Authority in Bangor.

Clear Statement of the Case by Messrs. Stetson, Pearl and Palmer.

To the Republican voters of Bangor

The undersigned, who were chosen by the Republican delegates to the State on oath deposes and say, that said Committee is as has been since March, 1896, composed of seven members, Wm. W. Palmer, Chairman, Fred A. Porter from Ward 1; Charles F. Sweet from Ward 2; Albert Bean from Ward 4; Frank T. Mason from Ward 5; Frank E. Crowley from Ward 6; and James E. Crowley from Ward 7.

That said Committee organized in March, 1896, by choosing Isaiah K. Stetson, Chairman, and Fred T. Mason, Secretary.

That a meeting of said Committee was held on the 13th day of July, 1896, at which all the members thereof were present.

That a motion was made and carried to issue the following call for nominating Republican candidates for Representatives to the Legislature, to wit:

REPUBLICAN CAUCUS.

The Republican voters of the City of Bangor met in the hall of the Hotel Warner on Tuesday evening, July 16th, at seven o'clock, to elect delegates to a convention to be held on the 13th day of August, to be supported at the State election to be held on September 1st. The polls will be kept open from 10 a.m. to 5 p.m. and the ballot will be as follows: Each Ward will be entitled to one representative for a fraction of three or more, and each additional Ward will be entitled to one additional delegate for a fraction of three or more, and so on. Ward 1, two (2), Ward 2, three (3), Ward 3, four (4), Ward 4, five (5), Ward 5, six (6), Ward 6, seven (7), and Ward 7, eight (8).

That said Committee will organize with a Chairman and Secretary and at the closing of the polls will bring a certificate of the credentials of delegates to the State election to be held on September 1st, and the delegates elected will assemble in the Hall of the Hotel Warner on the evening of the 13th instant to nominate the three candidates for the Legislature.

That a ample justification for inspecting upon a recognition of the political rights of which our constituents have made no use in the proceedings upon which our acceptance of such candidacy had been conducted with absolute regularity, in the most public manner, and in pursuance of unquestionable Republican principles, we cannot doubt that the Secretary of State, upon a full examination of the plain facts of the case, will recognize our rights and those of our constituents by placing our names on the official ballot as the regular Republican nominees for the Legislature from the city of Bangor.

As our ample justification for inspecting upon a recognition of the political rights of which our constituents have made no use in the proceedings upon which our acceptance of such candidacy had been conducted with absolute regularity, in the most public manner, and in pursuance of unquestionable Republican principles, we cannot doubt that the Secretary of State, upon a full examination of the plain facts of the case, will recognize our rights and those of our constituents by placing our names on the official ballot as the regular Republican nominees for the Legislature from the city of Bangor.

That said certificate, given under oath, furnishes, as we believe, every possible evidence by official authority of the Republican party organization in Bangor, that we are the only nominees of that party in this city for Representatives in the State Legislature, and that we are entitled to have our names entered as such on the official ballots by the Secretary of State.

Our statement and the accompanying documents we shall stand with every conviction of right and with confidence in the support of our fellow citizens.

Very respectfully,

Isaiah K. Stetson,
Charles S. Pearl,
José W. Palmer.

Bangor, July 30.

The certificate of the nominations of Messrs. Stetson, Pearl and Palmer duly signed by James Adams as chairman and James A. Boardman as secretary of the convention of delegates having been forwarded to the Secretary of State immediately after the nominations were made, a few days later the following letter was received from Secretary Fessenden by Chairman Stetson of the City committee whose answers to the questions propounded appear below:

STATE OF MAINE
STATE DEPARTMENT
Augusta, July 24th, 1896
I. K. Stetson, Esq.

Dear Sir—Will you kindly oblige me by answering your few questions concerning the enclosed schedule of questions returning the schedule with your reply. I have asked precisely the same favor of Secretary Mason, the question being identical.

Yours very truly,

Nicholas Fessenden,
Secy. of State.

The following is the list of questions and answers sent by Mr. Fessenden, recently issued by the Republican State Committee gives the following: W. W. Palmer, Fred A. Porter, C. F. Sweet, Albert Bean, Isaiah K. Stetson, Frank J. Mason and James Adams, Chairman of the Republican Committee of Bangor. Is this correct? Answer, Yes.

(2) If not correct, who constituted such Committee? July 13th, 1896 Answer, All above were present July 13th, 1896.

(3) When and how was the committee, however constituted, chosen, appointed or elected? Answer, Elected, one in each ward, at ward caucuses held on about March, 1896.

(4) When and where was the convention organized? Answer, About a week after election, the committee met and organized by electing I. K. Stetson, chairman and F. T. Mason secretary.

The said convention of delegates as so constituted nominated as candidates for Representatives to the Legislature.

And we therefore certify to you that said convention was the convention of the regular Republicans of Bangor, and that said convention and that said Isaiah K. Stetson, Charles S. Pearl and José W. Palmer are the regular nominees of said committee in said city for Representatives to the Legislature.

Isaiah K. Stetson, Chairman
José W. Palmer,
Fred A. Porter,
Chas. S. Pearl,
Albert Bean.STATE OF MAINE
July 27, 1896.

Personally appeared the above named Isaiah K. Stetson and W. W. Palmer and made oath to the truth of the foregoing affidavit. Before me,

Hugh R. Chaplin,
Justice of the Peace.STATE OF MAINE
Hancock, as, July 29, 1896.

Personally appeared the above named Charles F. Sweet and made oath to the truth of the foregoing affidavit. Before me,

J. E. Bush,
Justice of the Peace.STATE OF MAINE
Waldo, as, July 30, 1896.

Personally appeared the above named Albert Bean and made oath to the truth of the foregoing affidavit. Before me,

F. M. Chapman,
Justice of the Peace.

AFFIDAVIT OF COUNTY COMMITTEEMEN.

We, James A. Boardman and John M. Oak, both of whom are members of the Republican County Committee of Penobscot County, who reside in Bangor, are members of the Republican City Committee of Bangor and have been since March, 1896, the regular nominees of said committee.

(1) That the caucus of which James Adams was Chairman is recognized as the regular party, and that Isaiah K. Stetson, Charles S. Pearl and José W. Palmer were the regular nominees of said caucus.

We are cognizant of the fact as set forth in the above affidavit of the City Committee, and certain true.

(2) That the caucus or caucuses called in pursuance of the majority bill, is such the fact? Answer, Yes.

(3) That the caucus or caucuses called at the time of the fore-going affidavit. Before me,

Hugh R. Chaplin,
Justice of the Peace.STATE OF MAINE
July 27, 1896.

Personally appeared the above named James Adams and John M. Oak, and Fred A. Porter were nominated and at a caucused after the meeting of the regular Republicans of Bangor, when was in session, and James A. Boardman and John M. Oak, and Fred A. Porter were nominated. Is such the fact? Answer, Yes.

(4) Please state any other facts bearing on the matter, which occur to you.

The records of the two meetings of July 18th and 20th, duly attested by W. W. Palmer, Sec'y pro tem., were given to me by Mr. Bryan Boyd, when was in session, and a full account of the doings of the majority of the committee. Will be pleased to furnish any further information desired.

(5) That the caucus or caucuses called at the time of the fore-going affidavit. Before me,

Hugh R. Chaplin,
Justice of the Peace.STATE OF MAINE
July 26, 1896.

Personally appeared the above named James Adams and John M. Oak, and Fred A. Porter were nominated and at a caucused after the meeting of the regular Republicans of Bangor, when was in session, and James A. Boardman and John M. Oak, and Fred A. Porter were nominated. Is such the fact? Answer, Yes.
